SAFE SCHOOL / ENTERPRISES SOLUTION

Smart. Secure. Connected.

Vintron Safe School Solution is an AI-powered smart campus platform that ensures student safety, automates attendance, enables real-time parent communication, and streamlines school management - all in one integrated system.

VINTRON MACHINE OVERVIEW

Smart Card Reader
Students tap their RFID smart card embedded with a sensor chip.

Display Panel
Shows real-time status and alerts.

AI Camera
Captures student's photo instantly for verification.

Panic Button
Students can press in case of emergency for instant alert.

Temperature Check
Checks body temperature in under 2 seconds.

AI-Powered Verification	Real-time Messaging	Cloud-based Dashboard	Panic & Safety Alert

All-in-One Device for Attendance, Access Control & Student Safety

HOW IT WORKS

A 2-Second Process for a Safer Tomorrow

1. Tap ID Card
Student taps RFID smart card on the Vintron machine.

2. Capture & Verify
Machine reads card, captures photo, and verifies identity

3. Temperature Check
Temperature is checked instantly (in < 2 seconds).

4. Instant Notification
Parent receives instant message with photo, time & temperature.

Centralized Cloud Storage
All data is stored securely in the cloud with timestamp, accessible anytime.

- ✓ Class-wise student entry/exit records
- ✓ Real-time dashboard for school management
- ✓ Summary of total students In/Out

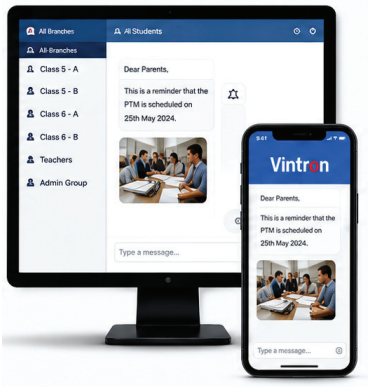

Total Transparency, Total Control.
